Our Pledge

AmeriHealth Caritas Pennsylvania and AmeriHealth Caritas Pennsylvania (PA) Community HealthChoices (CHC) (referred to hereafter as “the Plan”) is dedicated to reducing and possibly eliminating incidences of fraud, waste and abuse from its programs and cooperates in fraud, waste and abuse investigations conducted by state and/or federal agencies, including:

- The Medicaid Fraud Control Unit of the Pennsylvania Attorney General's Office.
- The Federal Bureau of Investigation.
- The Drug Enforcement Administration.
- The HHS Office of Inspector General.
- Bureau of Program Integrity of DHS.
- Governor’s Office of the Budget.
- The Pennsylvania State Inspector General.
- CMS.
- The United States Attorney’s Office/ Justice Department.

AmeriHealth Caritas PA and AmeriHealth Caritas PA CHC has its own Special Investigations Unit (SIU) within the Program Integrity Division.

It is the policy of Program Integrity - SIU

- To review and investigate all allegations of fraud, waste and abuse
- To take corrective actions for any supported allegations after a thorough investigation; and
- To report confirmed misconduct to the appropriate parties and/or agencies.

The Law

The Law

The Plan receives state and federal funding for payment of services provided to our Members/Participants.

Therefore:

In accepting Claims payment from the Plan, Health Care Providers are receiving state and federal program funds, and are subject to all applicable federal and/or state laws and regulations relating to this program. Violations of these laws and regulations may be considered fraud, waste or abuse against the Medical Assistance program.

False Claims Act (FCA)

The False Claims Act (FCA) is a federal law that prohibits knowingly presenting (or causing to be presented) a false or fraudulent claim to the federal government or its contactors, including state Medicaid agencies, for payment or approval.

The FCA also prohibits knowingly making or using (or causing to be made or used) a false record or statement to get a false or fraudulent claim paid or approved.

The Plan must certify that claims data presented to the government for payment is accurate to the best of its knowledge.

The FCA encourages whistleblowers to come forward by providing protection from retaliation. Penalties for violating the FCA could include a minimum \$5,500 to \$11,000 fine per false claim, imprisonment, or both, and possible exclusion from federal government health care programs.

The Fraud Enforcement and Recovery Act of 2009 (FERA)

Passed by Congress to enhance the criminal enforcement of federal fraud laws, including the False Claims Act (FCA).

Penalties for violations of FERA are comparable to penalties for violation of the FCA. FERA does the following:

- Expands potential liability under the FCA for government contractors.
- Expands the definition of false/fraudulent claim to include claims presented not only to the government itself, but also to a government contractor.
- Expands the definition of false record to include any record that is material to a false/fraudulent claim.
- Expands whistleblower protections to include contractors and agents who claim they were retaliated against for reporting potential fraud violations.

Definitions

What Is Fraud?

Fraud — Any type of intentional deception or misrepresentation, including any act that constitutes fraud under applicable federal or state law, made by an entity or person with the knowledge that the deception could result in some unauthorized benefit to the entity or person, or some other person in a managed care setting, committed by any entity, including the CHC-MCO, a subcontractor, a Provider, or a Member/Participant.

What Is Waste?

Waste – The overutilization of services or other practices that result in unnecessary costs. Waste is generally not considered caused by criminally negligent actions, but rather misuse of resources.

What Is Abuse?

Abuse — Any practices that are inconsistent with sound fiscal, business, or medical practices and result in unnecessary costs to the MA Program or in reimbursement for services that are not Medically Necessary or that fail to meet professionally recognized standards or Agreement obligations and the requirements of federal or state statutes and regulations for healthcare in a managed care setting, committed by the MCO, a subcontractor, Provider, or Member/Participant, among others.

Waste and Recovery

Some Examples of Waste Include:

- Overpayment due to incorrect set-up or update of contract/fee schedules in the system.
- Overpayments due to claims paid based upon conflicting authorizations or duplicate payments.
- Overpayments resulting from incorrect revenue/procedure codes, retro TPL/Eligibility.

Waste Recoveries

The Payment Integrity Department of AmeriHealth Caritas PA/ AmeriHealth Caritas PA CHC is responsible for identifying and recovering claim overpayments. The Department performs several operational activities to ensure the accuracy of providers' billing submissions. The Department utilizes internal and external resources to prevent the payment of claims associated with waste and to initiate recovery when overpaid claims are identified.

As a result of these claims accuracy efforts, providers may receive letters from the Plan, or on behalf of the Plan, regarding recovery of potential overpayments and/or requesting medical records for review.

Any questions should be referred to the contact information provided in the letter to expedite a response to questions or concerns.

Recipient Fraud

Defining Recipient Fraud

Someone who receives cash assistance, Supplemental Nutritional Assistance Program (SNAP) benefits, Heating/Energy Assistance (LIHEAP), child care, **medical assistance**, or other public benefits AND that person is not reporting income, not reporting ownership of resources or property, not reporting who lives in the household, allowing another person to use his or her ACCESS card, trafficking SNAP benefits or taking advantage of the system in any way.

Recipient Fraud

Pennsylvania's Department of Human Services Bureau of Program Integrity and the Plan have established procedures for reviewing Member/Participant utilization of medical services. The review of services identifies Members/Participants receiving excessive or unnecessary treatment, diagnostic services, drugs, medical supplies, or other services.

Recipient Fraud

A Member/Participant is subject for review if any of the following criteria are satisfied:

- Member/Participant gets prescriptions filled at more than 2 pharmacy locations within one month.
- Member/Participant has prescriptions written by more than 2 physicians per month.
- Member/Participant fills prescriptions for more than 3 controlled substances per month.
- Member/Participant obtains refills (especially on controlled substances) before recommended days' supply is exhausted.
- Duration of narcotic therapy is greater than 30 consecutive days without an appropriate diagnosis.
- Prescribed dose outside recommended therapeutic range.
- Same/Similar therapy prescribed by different prescribers.
- No match between therapeutic agent and specialty of prescriber.
- Fraudulent activities (forged/altered prescriptions or borrowed cards).
- Repetitive emergency room visits with little or no PCP intervention or follow-up.
- Same/Similar services or procedures in an outpatient setting within one year.

Recipient Restriction Program

Lock-In — Recipients determined to be involved in fraudulent activities or identified as abusing services provided under the Medical Assistance Program who are restricted to a specific Provider(s) to obtain all of his or her services in an attempt to ensure appropriately managed care.

If the results of the review indicate waste, abuse or fraud, the Member/Participant will be placed on the Restricted Recipient Program for a period of five (5) years, which means the Member(s)/Participant(s) can be restricted to a single:

- PCP
- Pharmacy
- Hospital/facility

Restriction to one Network Provider of a particular type will assist in coordination of care and provide for medical management.

Recipient Restriction Referrals

The Plan receives referrals of suspected fraud, mis-utilization or abuse from a number of sources, including:

- Physician/pharmacy providers
- The Plan's Pharmacy Services Department
- Member/Participant/Provider Services
- Case Management/Care Coordination
- Special Care Unit
- Quality Assurance and Performance Improvement
- Medical Affairs
- Department of Human Services (DHS)

Network Providers who suspect Member/Participant fraud, waste or abuse of services can make a referral to the Recipient Restriction Program by calling the Plan's Fraud and Abuse Hotline at **1-866-833-9718**. All such referrals are reviewed for potential restriction.

Provider Fraud

Examples of Provider Fraud:

- Billing for services not rendered or not Medically Necessary.
 - For example: personal assistance services (PAS) cannot be rendered while a Member/Participant is in an inpatient setting.
- Submitting false information to obtain authorization to furnish services or items to Medicaid recipients.
- Prescribing items or referring services which are not Medically Necessary.
- Misrepresenting the services rendered.
- Submitting a Claim for provider services on behalf of an individual that is unlicensed, or has been excluded from participation in the Medicare and Medicaid programs.
- Retaining Medicaid funds that were improperly paid.
- Billing Medicaid recipients for covered services.
- Failure to perform services required under a capitated contractual arrangement.
- Up-coding to more expensive service than was rendered; billing for more time or units of service than provided.

Employee Screening Requirements

Required Screening for Exclusion From Federal Programs

As required by the Department of Human Services' Office of Inspector General (HHS-OIG) 42 CFR Section 455.436 and outlined in the Pennsylvania Department of Human Services (DHS) Medical Assistance Bulletin 99-11-05, all providers who participate in Medicare, Medicaid or any other federal health care program are required to screen their employees and contractors, both individuals and entities, to determine if they have been excluded from participation in any of the aforementioned programs.

Employees should be screened for exclusion before employing and/or contracting with them and, if hired, should be rescreened on an ongoing monthly basis to capture exclusions and reinstatements that have occurred since the last search.

Required Employee Screening for Exclusion From Federal Programs

Examples of individuals or entities that providers must screen for exclusion include, but are not limited to:

- Individual or entity who provides a service for which a claim is submitted to Medicaid;
- Individual or entity who causes a claim to be generated to Medicaid;
- Individual or entity whose income derives all, or in part, directly or indirectly, from Medicaid funds;
- Independent contractors if they are billing for Medicaid services;
- Referral sources, such as providers who send a Medicaid recipient to another provider for additional services or second opinion related to medical condition.

Required Employee Screening for Exclusion From Federal Programs

The Pennsylvania Department of Human Services, AmeriHealth Caritas PA and AmeriHealth Caritas PA CHC are prohibited from paying for any items or services furnished, ordered, or prescribed by individuals or entities excluded from the Medical Assistance (MA) Program as well as other federal health care programs.
